Re: Village of < NAME >, NY Registered Voter Walking List

To Whom It May Concern:

My name is < INSERT NAME >, I live at < INSERT ADDRESS > in the Village of < NAME >, Monroe County, NY. I am currently starting a Village Referendum Action to Dissolve the Village of < NAME > using provisions set forth in the NY Government Reorganization and Citizens Empowerment Act.

I am also a Registered Voter with the Village of < NAME >, Town of < NAME >, NY.

I need to obtain a list of all Registered Voters for this Monroe County Village in NY. The list will be used to collect Electorate Signatures needed to present the Village Dissolution Referendum up for Vote this election year. The Voter List you are providing will be used by myself and other registered Village voters, as we canvas our village electorate for support of this Village Referendum.

Once the necessary amount of signatures are collected for the Referendum, we will be turning the Dissolution Referendum Cover Page, along with Village Voter Signatures Pages, to the Village Clerk for review, and to have our Referendum added to the ballot in the Village for a future vote.

I have included the Government Reorganization Act Section on this below.

*§ 779. Initiative of electors seeking dissolution.*

*1. The electors of a local government entity may commence a dissolution proceeding by filing an original petition, containing not less than the number of signatures provided for in subdivision two of this section and in the form provided for in subdivision three of this section, with the clerk of the town in which the entity or the greater portion of its territory is located, except that if the entity is a village the original petition of electors from the village shall be filed with the clerk of the village. Accompanying the filed petition shall be a cover sheet containing the name, address and telephone number of an individual who signed the petition and who will serve as a contact person.*

*2. The petition shall contain the signatures of at least ten percent of the number of electors or five thousand electors, whichever is less, in the local government entity to be dissolved; provided, however, that where the local government entity to be dissolved contains five hundred or fewer electors, the petition shall contain the signatures of at least twenty percent of the number of electors. No signature on a petition is valid unless it is an original signature of an elector.*

Here's is my signature attesting to the accuracy of this information that has been provided:
